

TII Series

16.667mm
Permanent
Outdoor
Mesh

Lighthouse's TII-1633 is an ideal video element for the large-scale outdoor media experience. The sophisticated, scalable & semi-transparent LED mesh system elegantly transforms any building surface into a brilliant full color RGB palette.

TII-1633 offers up to 50% transparency, durable structure, high quality aluminum cabinet with light weight at 14kg/sqm, TII-1633 is easy to install and maintain, eliminating huge heavy load supporting structure and reinforcement cost.

Besides, TII-1633 is IP67 rating, front or back maintenance which greatly improve the adaptability of various on-site installation & weather conditions. It's low power consumption to save running cost in long term, and maximize the ROI (return on investment).

- Transportations
- Shopping Malls
- Theme Parks
- Outdoor Signage
- Stadiums
- Billboards

Product Specification

Visual Characteristics			≥7500cd
Pixel Brightness	cd/ m ²	°	≥140°
Visual Viewing Angle - Horizontal	°	°	≥70°
Visual Viewing Angle - Vertical			347 (1R1G1B)
Pixel Type and configuration	DIP	Horizontal 33.33mm / Vertical 16.667mm	
Pixel Pitch	mm		16
Processing Depth	bit		50%
Transparency Ratio	%		
Mechanical Characteristics			
Panel Width	mm		500
Panel Height	mm		1000
Panel Depth	mm		65.7
Panel Weight	kg/pc		7
Environmental			
Ingress protection	IP		IP67
Working Temperature	hrs		100,000hrs
